

## ADHD Initial Evaluation

### Instructions for your ADD/ADHD Initial Evaluation

Oceanside Pediatrics thanks you for your confidence and trust that you place in us with your children. To make this evaluation smooth and accurate, please follow these instructions prior to your initial evaluation:

1. Print out all the documents in this packet.
2. Give your child's teacher or teacher(s) the teacher form to complete and ask that they be returned to you in one week. You may photocopy these forms if needed.
3. Parents - please complete the parent form by each parent separately and as honestly as possible.
4. Please complete the Medical History form and bring to your visit.
5. Absolutely arrive on-time to your visit. If you are more than 10 minutes late to this appointment it will need to be re-scheduled. Spending less than the allotted time on this evaluation not only robs your child of necessary time but also affects all the children scheduled after yours.
6. Please try not to bring other children to your child's ADD/ADHD visit. Other children often distract from the focus needed during the visit.
7. Avoid reading too much right now about ADD/ADHD. It might possibly bias your response to the forms. We will gladly direct you to reading material should your child receive this diagnosis. Remember, this is only an evaluation to see if your child meets ADD/ADHD criteria. We are here to assist your child achieve their personal best.

Thank you so much for your time and we look forward to meeting with you!

Teacher's Name: \_\_\_\_\_ Class Time: \_\_\_\_\_ Class Name/Period: \_\_\_\_\_

Today's Date: \_\_\_\_\_ Child's Name: \_\_\_\_\_ Grade Level: \_\_\_\_\_

**Directions:** Each rating should be considered in the context of what is appropriate for the age of the child you are rating and should reflect that child's behavior since the last assessment scale was filled out. Please indicate the number of weeks or months you have been able to evaluate the behaviors: \_\_\_\_\_.

Is this evaluation based on a time when the child  was on medication  was not on medication  not sure?

| Symptoms  | Never | Occasionally | Often | Very Often |
|---|-------|--------------|-------|------------|
| 1. Does not pay attention to details or makes careless mistakes with, for example, homework                                   | 0     | 1            | 2     | 3          |
| 2. Has difficulty keeping attention to what needs to be done  | 0     | 1            | 2     | 3          |
| 3. Does not seem to listen when spoken to directly  | 0     | 1            | 2     | 3          |
| 4. Does not follow through when given directions and fails to finish activities (not due to refusal or failure to understand) | 0     | 1            | 2     | 3          |
| 5. Has difficulty organizing tasks and activities   | 0     | 1            | 2     | 3          |
| 6. Avoids, dislikes, or does not want to start tasks that require ongoing mental effort                                       | 0     | 1            | 2     | 3          |
| 7. Loses things necessary for tasks or activities (toys, assignments, pencils, or books)                                      | 0     | 1            | 2     | 3          |
| 8. Is easily distracted by noises or other stimuli  | 0     | 1            | 2     | 3          |
| 9. Is forgetful in daily activities   | 0     | 1            | 2     | 3          |
| 10. Fidgets with hands or feet or squirms in seat   | 0     | 1            | 2     | 3          |
| 11. Leaves seat when remaining seated is expected   | 0     | 1            | 2     | 3          |
| 12. Runs about or climbs too much when remaining seated is expected   | 0     | 1            | 2     | 3          |
| 13. Has difficulty playing or beginning quiet play activities   | 0     | 1            | 2     | 3          |
| 14. Is "on the go" or often acts as if "driven by a motor"  | 0     | 1            | 2     | 3          |
| 15. Talks too much  | 0     | 1            | 2     | 3          |
| 16. Blurts out answers before questions have been completed   | 0     | 1            | 2     | 3          |
| 17. Has difficulty waiting his or her turn  | 0     | 1            | 2     | 3          |
| 18. Interrupts or intrudes in on others' conversations and/or activities  | 0     | 1            | 2     | 3          |

| Performance                 | Excellent | Above Average | Average | Somewhat of a Problem | Problematic |
|-----------------------------|-----------|---------------|---------|-----------------------|-------------|
| 19. Reading                 | 1         | 2             | 3       | 4                     | 5           |
| 20. Mathematics             | 1         | 2             | 3       | 4                     | 5           |
| 21. Written expression      | 1         | 2             | 3       | 4                     | 5           |
| 22. Relationship with peers | 1         | 2             | 3       | 4                     | 5           |
| 23. Following direction     | 1         | 2             | 3       | 4                     | 5           |
| 24. Disrupting class        | 1         | 2             | 3       | 4                     | 5           |
| 25. Assignment completion   | 1         | 2             | 3       | 4                     | 5           |
| 26. Organizational skills   | 1         | 2             | 3       | 4                     | 5           |

The recommendations in this publication do not indicate an exclusive course of treatment or serve as a standard of medical care. Variations, taking into account individual circumstances, may be appropriate.
